

ScratchJr Final Test

Date: June 11, 2025

Instructions:

- Complete all the tasks below using the ScratchJr app.
- Make sure to save your project with your full name in the title.
- Show your project to your teacher when you're finished.

Tasks:

1. Create a story with at least three scenes.
2. Include at least three characters in total.
3. Make one character move across the screen using motion blocks.
4. Make a character speak using a speech bubble.
5. Record your voice in at least one scene.
6. Change the background in each scene.
7. Use the 'wait' block to delay an action.

Bonus Task:

- Create an ending scene where all the characters come together and do something fun.

Reflection Questions:

1. What story did you choose to tell?
2. What blocks did you find most fun to use?
3. What was the hardest part of this project?
4. If you could add one more thing to your story, what would it be?
